MEMORANDUM FOR: Deputy Director of Security (P&M)

FROM:

[REDACTED]
Chief, Policy and Plans Group

SUBJECT: Implementation of NSDD-19 on Protection of
Classified National Security Council and
Intelligence Information

1. In view of the latest White House pronouncement on this subject, we have revised the response package. It includes:

a. A memorandum from the DCI to Mr. Clark advising that CIA has drafted a regulation covering NSC information and that extant Agency regulations adequately cover unauthorized disclosures.

b. The draft [REDACTED] establishing procedures for NSC information. Designation as a "Management" regulation has been dropped as an approach.

c. A Headquarters Notice for DCI signature announcing compliance with Mr. Clark's memorandum. Note: The HN as drafted speaks of investigation of leaks "by all legal methods, including polygraph examination." While such language was in NSDD-19, we may be well-advised not to raise an issue the White House has abandoned. We still have the option, of course, of using polygraph in leak investigations within the Agency, and it can be argued that NSDD-19 did not influence existing policy on "special issue" interviews.

2. I believe we should move fairly quickly on this matter, get the internal Agency response to the DCI for signature, and wait for SECOM to do its thing with the Community. We should be on solid ground with these rather minimal actions. It is recommended the package be forwarded to the Director of Security.
